Quizzes tool: Preview Random Questions

This document outlines the changes made to the Quizzes tool with the 10.4.10 upgrade on May 29 – 30, 2015.

What’s Changed?

New Preview Random Questions feature

A new feature was added to preview all questions contained in your random folder. This new feature is located on the Properties tab.

Complete the following steps to learn how to use this new feature:

1. Open the Quiz in edit mode.

2. From the Properties tab, click the random section name in the Quiz Questions area.
The Preview Random Section Questions pop-up window displays containing the questions from the selected random section folder.

3. Review the questions in the Preview Random Section Questions pop-up window.

4. Click [Close] to close the pop-up window.
